The MADISON recliner is characterized by its timeless design and simple, ergonomic lines. It is available in a manual reclining version equipped with the zero position.

Use

Suitable for relaxation areas.

Seat and backrest

Solid wood internal structure, with seat and backrest suspension system using highly durable elastic webbing. Covered with flexible, high-density and high-resilience (HR) polyurethane foam.

Armrests

Armrests crafted in beechwood, with the possibility of varnishing in any of the colours from our finish swatch.

Legs

Solid wood legs, varnished in any of the colours from our finish swatch or in any colour specified by our customers.

Mechanisms

Manual reclining mechanism – ZERO POSITION: it allows the user to manually adjust the coordinated inclination of the backrest and footrest. It includes the possibility of adopting the ZERO POSITION. In the Gravity zero position, the legs are at the same level as the heart to promote blood circulation. It is a relaxing position where the lumbar and cervical muscles relax as they experience less pressure.

Upholstery

Choose from our wide range of waterproof vinyl fabrics with antimicrobial, antibacterial, and antifungal protection.

Certifications

Seniorcare Interiors holds the ISO 9001 and ISO 14001 certifications, attesting that its work processes maintain a high standard of quality, covering the entire product lifecycle from the design phase to production and subsequent distribution of the product.

Please consult the SENIORCARE finishing chart for information about the certifications of the fabrics.

Seniorcare Interiors is certified to ISO 9001 and ISO 14001 standards.
