

**DESCRIPTION:** a smart solution for when you need a sofa during the day and a comfortable bed at night. With an easy-to-use and robust sliding opening mechanism. The perfect choice when aiming to create a contemporary and cozy atmosphere. Numerous finishing possibilities available in any of the fabrics from our sample collection.

Bed options in three sizes. 90X200, 130X200, and 150x200.

**USE:** ideal for waiting areas, lounge, and bedrooms.

**STRUCTURE:** internal sofa structure in metal. Covered with high-density (25D) flexible HR polyurethane foam.

**SEAT AND BACKREST:** Removable seat and backrest cushions with high-quality HR foam (28D) interior, providing a high level of comfort.

**MECANISM:** sliding metal mechanism. The sofa transforms into a bed with a single movement, simply by pulling the handle located at the bottom of the seat. Once the sofa is open, the seat and backrest form a 200 cm long bed. Mattress's height: 10 cm.

**ARMRESTS:** solid pine wood internal structure covered with high-density (25D) flexible HR polyurethane foam.

Bed base with beech wood slats.

**Upholstery:** to choose from our wide range of waterproof vinyl fabrics with antimycotic, antibacterial, and antifungal protection as well as anti-stain finish protection. Our upholsteries are sustainable and flame retardant.

Seniorcare Interiors is certified to ISO 9001 and ISO 14001 standards. Our work processes maintain a high standard of quality, from the design stage to production and subsequent product distribution. Please refer to the fabric certifications in the SENIORCARE finishes chart.

Seniorcare Interiors is certified to ISO 9001 and ISO 14001 standards.
