

NEW CLOE

NEW CLOE is a wingback recliner with an enveloping and classic design, ideal for long-term sitting.

Use

Suitable for relaxation areas.

Seat and backrest

Internal structure made of solid wood, featuring a seat and backrest suspension system using highly durable elastic straps. Wingback design for maximum comfort. Covered with flexible, high-density, and high-resilience (HR) polyurethane foam. Continuous upholstery on the seat and footrest to enhance overall comfort and to eliminate gaps that may cause injuries.

Armrests

Internal structure made of solid wood covered with flexible, high-density, and high resilience (HR) polyurethane foam.

Legs

Made of solid wood, varnished in any of the colours from our sample collection or in any colour specified by the client.

Mechanisms

Manual recliner chair: the user can manually adjust the coordinated inclination of the backrest and footrest. Optionally, it can include a lever to facilitate the opening of the armchair.

Manual recliner chair + ZERO GRAVITY position: the user can manually adjust the coordinated inclination of the backrest and footrest.

It includes the possibility of adopting the GRAVITY ZERO position. In the GRAVITY ZERO position, the legs are at the same level as the heart to promote blood circulation. It is a relaxing position where the lumbar and cervical muscles relax, as less pressure is exerted on them.

Electric recliner chair + lift – ZERO GRAVITY position: the user can adjust the desired inclination using a remote control. Electrically powered.

During the opening, by keeping the button pressed, you can complete the movement to the final relaxation position or interrupt it at any intermediate points. Once closed, using the same button, the user can continue the movement until the standing position.

It includes the possibility of adopting the GRAVITY ZERO position. In the GRAVITY ZERO position, the legs are at the same level as the heart to promote blood circulation. It is a relaxing position where the lumbar and cervical muscles relax, as less pressure is exerted on them.

Transfer

The TRANSFER versions incorporate a transfer handle and high-quality 10mm diameter wheels, two of them with brakes, allowing the chair to be locked when not in use.

Upholstery

Choose from our wide range of waterproof vinyl fabrics with antimicrobial, antibacterial, and antifungal protection.

Certifications

Seniorcare Interiors holds the ISO 9001 and ISO 14001 certifications, attesting that its work processes maintain a high standard of quality, covering the entire product lifecycle from the design phase to production and subsequent distribution of the product.

Please consult the SENIORCARE finishing chart for information about the certifications of the fabrics.

Seniorcare Interiors is certified to ISO 9001 and ISO 14001 standards.

TESTS CONDUCTED. COMPLIANCE WITH THE STANDARD.

Tests conducted at: AIDIMME. METAL PROCESSING, FURNITURE, WOOD, PACKAGING AND RELATED INDUSTRIES TECHNOLOGY INSTITUTE.

The tests conducted on the product are appropriate and applicable, according to the standards:
