

DATA SHEET

RODAS

seniorcare

The RODAS collection is a range of highly durable seatings designed for heavy-duty use environments. The collection offers a wide variety of models, including armchairs, sofas, and a significant number of accessories and add-ons. Different options of backrests height and the possibility of movement adjustment are available.

Use

Waiting areas, dining areas, relaxation areas, and transit.

Structures

Made of Steel tube with a 40x20 mm cross-section, equipped with rounded edges for user safety. Finished with epoxy paint in different colour options. Polypropylene caps in contact with the floor.

Seat

The seat is made of compacted particle board, covered with flexible high-density and resilient HR polyurethane foam. Fastened to the structure at 4 points.

Backrest

The backrest frame is made of wood with an ergonomic shape for a perfect fit to the user's back. It is covered with flexible high-density and resilient HR polyurethane foam.

Mechanisms

• Rodas backrest gas adjustment: movement using a gas piston with easy handling through a lever from the seated position.

• Rodas backrest and footrest gas adjustment: the armchairs have 2 gas pistons that are operated by 2 levers from the seated position, allowing the independent reclining of the seat and backrest.

Transit

The TRANSIT versions are equipped with 8 mm diameter wheels of the highest quality, two of which have brakes to lock the armchair in a resting position. All versions have foldable footrests for added comfort during transportation. The TRANSIT armchairs are available in both fixed and gas piston backrest adjustments with easy handling through a lever.

Upholstery

You can choose from our wide range of waterproof vinyl fabrics with antimicrobial, antibacterial, and antifungal protection.

Certificates

Seniorcare Interiors is ISO 9001 and ISO 14001 certified, which attests to the high-quality standards of our work processes, covering from design to product production and subsequent distribution, as well as waste management.

Please consult the certifications for the fabrics in the SENIORCARE finishes chart.

Seniorcare Interiors is certified to ISO 9001 and ISO 14001 standards.
