Components

Sides, base, top, and shelves:

- 19 mm thick particleboard with 2 mm PVC edging and decorative laminate surfaces.

Back:

- 10 mm thick particleboard with decorative laminate surface.

Legs:

- 40 mm high PVC.

Main Features

- Detachable.
 - Shelves supported with maximum safety. Fixed by eccentric connectors.
 - Easy and quick assembly.
 - Leveling feet.
 - Back panel provides increased rigidity and stability to the furniture.
 - Rounded edges.
-

Maintenance

- Check the joints between the parts.
 - Check the condition of the legs.
 - Check the condition of the shelves to ensure they are free from breaks and/or cracks, and check their side fixings.
-

Cleaning

- Remove dust with a dry cloth or brush. Scrub with a sponge or cloth using mild soap or a mixture of water and vinegar. For stubborn dirt, grease residues or stains, you can use ammonia.
