Mid-height cabinet with shelves

ASN307

Cabinet with two doors and evenly distributed shelves offers organized storage for various items. Its practical and functional design makes it ideal for all types of spaces.

FINISHES

DOORS

Components

Sides, base, top and shelves:

- 19 mm thick particleboard with 2 mm PVC edging and decorative laminate surfaces.

Back panel:

- 10 mm thick particle board with a decorative laminate finish.

Legs:

- 40 mm high PVC.

Castors (optional):

- Ø65 mm castors with brakes, with a load capacity of 60 kg per cast

Main Features

- Dismountable.
 - Easy and quick assembly.
 - Adjustable leveling feet.
 - Back panel provides increased rigidity and stability.
 - Rounded edges.
-

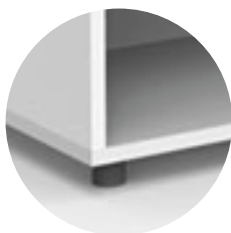

Maintenance

- Check the joints between parts.
 - Check the condition of the legs.
-

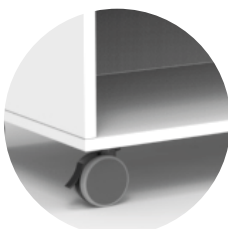

Cleaning

- Remove dust with a dry cloth or brush. Scrub with a sponge or cloth using mild soap or a mixture of water and vinegar. For stubborn dirt, grease residues or stains, you can use ammonia.
