

SUI is a collection of tables for transversal use that stands out for its refined and timeless design that emerges from the rapport between the flat and curved surfaces. The result is an elegant, essential and versatile table that harmoniously blends in with all kinds of spaces and environments. The SUI tables are entirely manufactured with an aluminum frame that makes them light but sturdy and corrosion resistant at the same time. The tables are available in a wide range of sizes, from small occasional tables to large format work and meeting tables. The wide variety of frame finishes, top materials and accessories available allow the customization of the tables to match the requirements of the most diverse spaces, uses and architectures.
