Components

Sides, base, top, and shelves:

- 19 mm thick particleboard with 2 mm PVC edges and decorative laminate surfaces.

Back:

- 10 mm thick particleboard with decorative laminate surface.

Legs:

- 40 mm high PVC.

Main Features

- Dismantlable.
 - Quick and easy to assemble.
 - Rounded edges.
 - Display area at the front and storage area at the back.
-

Maintenance

- Check the joints between parts.
 - Check the condition of the legs.
 - Check the condition of the shelves to ensure there are no breaks or cracks, and inspect their side anchors.
-

Cleaning

- Remove dust with a dry cloth or brush. Clean with a sponge or cloth using neutral soap or a mixture of water and vinegar. For stubborn dirt, grease residues, or stains, ammonia can be used.
-
